to Eschmann**

Instrument Management Systems

Eschmann has a range of instrument management systems that are simple, effective and most importantly compliant, helping to suit the needs of your clinical environment.

The range is available in different colours to help practitioners easily identify their instruments and adopt instrument management traceability in accordance with guidance.

Instrument Trays

Perforated aluminium and stainless steel trays, suitable for use in vacuum and non-vacuum autoclaves are available in three sizes - Standard (28cm x 18cm), Examination (18cm x 14cm) and a long tray specifically designed for use with the SES 3020B autoclave (38cm x 19cm).

Examination trays hold enough instruments for regular check-up procedures and can be assigned to individual patients, without compromising the capacity of the autoclave.

Both examination and standard trays are available in a choice of six colours.

Ordering Information

Note: The product code last digit 'x' determines the colour. Replace 'x' with either: 1-Silver, 2- Blue, 3-Red, 4-Green, 5-Yellow, 6-Turquoise

Part No.	Description
872445x	Standard Tray (28cm x 18cm) Aluminium
872446x	Examination Tray (14cm x 18cm) Aluminium
8725450	Standard Tray (28cm x 18cm) Stainless Steel
8725460	Examination Tray (14cm x 18cm) Stainless Steel
8721451	Standard Storage Lid (28cm x 18cm) Aluminium Silver
8721461	Examination Storage Lid (14cm x 18cm) Aluminium Silver
8725470	Long Tray for SES 3020B (38cm x 19cm) Stainless Steel
8727121	Tray Lifter

HFIT Plus Cassettes

Hands Free instrument Transfer (HFIT) Plus Cassettes significantly reduce the risk of sharps injury whilst ensuring total cleaning and sterilising efficacy.

Available in three sizes, these innovative stainless steel, self locking, HFIT Plus Cassettes securely hold instruments enabling them to be safely passed through the complete decontamination and sterilisation process without the need for user handling.

The HFIT Plus Cassette silicones are available in a choice of six colours.

Ordering Information

Note: The product code last digit 'x' determines the colour. Replace 'x' with either: 2- Blue, 3-Red, 4-Green, 5-Yellow, 6-Silver or 8-White

Part No.	Description
